## VITAMIN

01

Huoshan Weikang Biotechnology Co., Ltd. plans to build a new plant of about 20,000 square meters in Huoshan County Economic Development Zone. After the completion of the project, the annual output can reach 300 tons of D-calcium pantothenate, 800 tons of DL-panthenolactone, 100 tons of D-proline, 200 tons of L-L-carnitine series, 50 tons of L-n-valine, 300 tons of beta-alanine, 200 tons of A-ketoglutaric acid series, 200 tons of provitamin B5, 600 tons of creatine monohydrate, 300 tons of food grade amino acid series production capacity.

## AMINO ACID | Lysine

02

According to market information feedback, 98.5% lysine export quotation is about USD1.31-1.34/KG, 70% lysine export quotation is about USD0.68-0.70 /KG, it is expected that the lysine hydrochloride price factory is strong in the short term, and the sulfate price may have a weakening trend.

## API | Neomycin sulfate

03

The recent price is rising steadily, the mainstream factory supply is tight, the transaction price is slightly upward, transaction at USD16.6-17.9/BOU, the export trade market feedback is slightly delayed, and the follow-up continues to pay attention to changes in domestic and foreign trade market demand.

## FOOD ADDITIVE | Sucralose

04

Recently, the US high-end nutrition brand Noosio announced its full entry into the Chinese market. Founded in 2019, the brand's product line covers many fields such as basic nutrition supplement, weight management, exercise recovery, nutrition fortification for special groups, and in the future, it will cooperate with local scientific research institutions in China to serve Chinese consumers through online and offline omni-channel marketing models.
