Vitamins to VEGA!

17th. Apr. 2024

VITAMIN | Vitamin B2 80%

01

According to market news, since 16th April Shandong Fengyin and Hegno increased the price of feed grade VB2 80% to USD14/KG FOB.

AMINO ACID | Valine

02

At present, the quotation of domestic factories is stable, and the market turnover is less. The trade market price is around USD2.07/KG, and there are not much orders signed. The price of low content valine is stable, and a small amount of negotiation is concluded.

API | Albendazole

03

Albendazole, recently affected by the market supply and demand relationship, the mainstream manufacturers continue to increase to USD17.2/KG. At present, the market stock inquiry orders increase, the market heat slowly increases, the market inventory slowly reduces, and the subsequent price will be slowly adjusted, please pay attention.

FOOD ADDITIVE | L-Carnitine

04

Recently, affected by the market situation, the export transaction price of L-carnitine BASE mainstream manufacturers is about USD21-22/KG. It is expected to show a stable trend in the future, and we will continue to pay attention to the market.
